

University of California
HASTINGS COLLEGE OF THE LAW

QUALIFIED CATERERS
As of May 22, 2012

The College pre-qualifies vendors who provide catering services on campus. The pre-qualification process provides that:

- Vendors meet College standards
- Vendors are properly licensed;
- Vendors are properly insured;
- Conflict of interest requirements are met.

The Director of Business Services performs the pre-qualification process.

Catering services are defined as food and/or beverage prepared on-site and/or delivered to the College by a vendor and served at an on-campus event. Such services generally include set-up and clean up. Some vendors may also provide china, glass and silver.

Employees securing catering services should be aware of that use of open flames to warm food is prohibited in all campus locations except in the dining commons and atrium area (2nd floor) of 200 McAllister¹.

Below is a list of the caterers who are qualified to provide catering services to the College. Those preferred caterers are also listed. Only these caterers may be used for on-campus events.

¹ *Per Title 19 of the California Business Code, (CBC), the use of open flames to warm food is prohibited in all campus locations, except in the dining commons and atrium area (2nd floor) of 200 McAllister.

Where allowed, the source must be non-spillable and self-extinguishing, and meet other requirements of Title 19.

Caterers are to provide their own low-wattage/low-amp electric chaffer heater for warm food dishes, these sources must be UL rated and shown to UCH Facilities for approval. (Similar to http://www.vollrathco.com/catalog_sku.jsp?id=5590&fid=4777&cid=90 is acceptable.)

Exhibit Y

PREFERRED CATERERS

Favorable payment terms (Net 20 or Net 30); No deposit required for events under \$5,000.
